In **10 Godly Keys to Success and Prosperity**, Meredith documents the many promises by God of the Universe. It's all about **realizing we were freely given these promises and how to welcome them to our lives**. So often people of the faith shy away from concepts that they believe are "New Age" when in reality these promises are the very things that God has set in place to open the doors of success and prosperity. God set these keys in the universe in motion from the beginning and they are intended for the believers. Many Christians have failed to read their Bible and are unaware of these keys and the power they hold. This **easy-to-read** and **interactive** book will shed light on the **10 Godly Keys to Success and Prosperity** and set you on the **fast track** to welcoming them into your life.

What People Are Saying...

It's a masterpiece read supported by biblical principal and scripture. A common sense approach to living life and achieving what God has prepared for your journey on earth.

~Tim Dombrow, Investment Advisor Representative

Loved that Meredith used so much scripture – people can teach many great concepts and ideas – but if they can't be backed up with scripture I leave a lot of those ideas where I found them and don't apply them to my life, even if they're good ideas! For me, the scripture giving substance and legitimacy to the ideas make me feel that not only SHOULD I use the ideas in this book – but I HAVE to so that I can be in tune with what God wants for my life. Until I read this book, I didn't realize that I even needed to make a void, the notion would have never crossed my mind. But not only did you point it out, you backed it up! To me, that's one of the most effective facets of this book – it's not just GOOD ideas, they're GODLY ideas and you prove it.
